### Privacy Policy

PDL – Parque dos Dinossauros da Lourinhã, Unipessoal Lda., hereinafter referred to as Dinoparque, is responsible for the website [www.dinoparque.pt](http://www.dinoparque.pt), hereinafter referred to as Dinoparque website, and is committed to protecting the privacy of the personal data collected and/or transmitted online.

Access to this website does not, in itself, imply the automatic registration of any personal data that may identify the User. However, the use of certain content or services may require the submission of personal data by users.

#### Personal Data

- Dinoparque is committed to respecting the legislation in force on the protection of personal data and will not disclose, under any circumstance or condition, this information to third parties.
- The personal data collected during the use of the Dinoparque website shall be solely and exclusively used by Dinoparque to study their connection with the service Users, as well as to develop the company's business activities, including sending information, advertising, and promotional materials to Users, in accordance with the conditions accepted by the User.
- Under the terms of the relevant legislation, Users are guaranteed the right, at no additional cost, to access, correct, and update their personal data, by written request sent via email, as well as the right to object to the use of such data for the purposes specified above, by contacting Dinoparque at [geral@dinoparque.pt](mailto:geral@dinoparque.pt)
- The Dinoparque website contains hyperlinks (links) to other websites. Dinoparque is not responsible for the privacy practices of such websites. Dinoparque website users are recommended to refer to the privacy policy pages when accessing such websites. This text refers only to the privacy policy applicable to the Dinoparque website.

### Cookie Policy

Our website uses cookies to improve its performance and offer a better user experience. When browsing, you are accepting our cookie policy and the consequent use of cookies in accordance with the conditions described.

#### What are cookies

Cookies are small information files that are stored on your computer, tablet, mobile phone or other device with Internet access, through the browser. The information retained by cookies is resent to the website server whenever the browser opens one of its pages.

Cookies ensure the functioning of the websites, provide important information to managers, and ensure faster and more efficient browsing.

### **How to manage cookies**

All browsers allow the user to accept, refuse or delete cookies at any time, by setting the appropriate settings in their Internet browser.

You can set up the cookies on your Internet browser, under the menu "options" or "preferences".
